BROTHERHOOD

FOR A

LIFETIME

Even if we have to be at least 6 feet apart.

I hope you and your loved ones are safe and healthy.

In times like this, when we reflect on the significant people and events in our lives, I hope your ZBT brothers and Fraternity experiences are as special for you as they are for me. Our normal way of life quickly disappeared - hopefully for only a short period of time - but those we rely on most to help us navigate through difficult times remain...our family, friends and Fraternity brothers.

I'm glad you're part of the family. Stay well.
