2025-2026 ALLIANCE PARTNER BENEFITS BY LEVEL

FOUNDATION
FOR FRATERNAL
EXCELLENCE

The Foundation for Fraternal Excellence (FFE) exists to support more than 60 fraternity/sorority foundations invested in developing the next generation leaders. With our mission of *advancing the fraternal movement by enhancing the skills and knowledge of associated professionals and volunteers*, FFE is guided by our three strategic priorities: Culture of Care, Connection and Research. FFE Alliance Partners help us execute the programs, services and initiatives that fulfill our mission and advance our strategic priorities.

Similar to our mission and focus, organizations interested in the FFE Alliance Partner program are often those with products or services catered to interfraternal organizations, fundraising and/or development. Our intentionally-crafted partner program offers industry recognition, provides visibility during programs, and creates opportunities to market to and connect with member organizations as well as their executives and volunteer-led governing boards. Alliance Partners enjoy a package of comprehensive benefits, as well as additional level-based benefits that vary based upon the chart on the back of this page.

DISTINGUISHED TITANIUM AND DIAMOND ALLIANCE PARTNERS

The [FFE](#) and [NIC](#) work together to preserve the fraternity and sorority experience and invest in industry-wide initiatives that advance research and educational-based needs for students, higher education partners and interfraternal organizations. Because of this important collaboration, we created Alliance Partner categories that give partners the opportunity to engage with both organizations at the highest possible level.
